

To all sporting team captains,

In the event of a tied game at the end of regular time for both semi finals and the grand final, the following will take place:

SOCCER – Penalties (best of five system)

If scores are still level after five penalties each, then sudden death style is adopted (i.e. – when one team misses and the other scores). This will continue until a result occurs. Note that teams must have the same amount of kickers regardless of the number of players, and the original order of kickers must stay the same if the order resets.

NETBALL – Extra time

Three minutes of extra time each way until a winner is decided. Note that there is no break and no position changes allowed between extra-time periods. Also note that a two-point margin is needed to win the game at the end of extra time.

BASKETBALL – Extra time

Three minutes of extra time each way until a winner is decided.

DODGEBALL – Extra time

The team with the greater number of players at the end of the three minutes will be declared the winner. If it is still a draw after this then sudden death elimination will apply. The team who eliminates a player next will be declared the winner.

VOLLEYBALL – Extra time

If a game is two sets all then the third set must be played out to 15. All sets must be won by two points. There is no time limit for finals games.

Thank you,
Lords Management
